THE PRESIDENT

Dr. R. F. Poole, our president, stands among us as steadfastly as Clemson itself. No one can contest his fitness for the position, for as a Clemson graduate, Dr. Poole learned the problems of the students; returning as president, his intimate acquaintance with these problems enable him to cope with them expertly.

Only meager acknowledgment can we offer to this individual of distinguished merit. May his rule extend far beyond our transient period at Clemson.

President POOLE and President PLYLER of Furman stand awaiting the beginning of our '54 homecoming ceremonies.

BOARD OF TRUSTEES

The legislative body of the college, provided for in the will of Thomas G. Clemson and later passed by the Legislature of South Carolina, is the Board of Trustees. The policies expressed by the Board include laws for the school, government, expenditure of its funds, and approval of its courses of study. The Board does not undertake to direct details of administration; although, it does lay down the general policy. The administration of the College is controlled by the president, who is chief executive and administrative officer of the Board.

AGRICULTURE

Already recognized as one of the foremost in the nation, Clemson's agriculture school is in the process of expanding even more. Graduates are scattered over the country in research, business, industry, and farming. Under the capable supervision of Dean M. D. Farrar, the school claims a goodly portion of the student body.

The study of agriculture is no longer confined to the raising of crops. The modern agriculturist must learn everything from "Bugology" to mechanical engineering. The last two years are taken up with practical courses in which the students actually perform the work they will do later in the pursuance of their occupations.

The ever-expanding field of agriculture presents a challenge to the teacher, to the men in research, and to the student.

ARTS AND SCIENCES

Students who do not desire to specialize directly in one of the technical branches of learning may enter one of the curricula offered by the School of Arts and Sciences. In this manner they gain insight into the various fields, and thus are enabled to choose their life's work more intelligently.

The Modern Language Department features French, German and Spanish. Economics and Sociology are especially important as the business world is based upon them. Pre-Medicine is available to prospective physicians. The juggling of equations and integrals keep the math major confused. The English major revels in Shakespeare and Chaucer. The intriques of history and government puzzle some students. Acceleration, gravity, and force diagrams haunt the dreams of the industrial Physics major.

Over all this Dr. F. M. Kinard, Dean of the School of Arts and Sciences, must reign, giving advice and encouragement when necessary.

CHEMISTRY

The ever-growing School of Chemistry is rapidly becoming more important as the years go by.

A beginner in the field of Chemistry will encounter few courses that differ from those taken by other majors. He will spend his time with frosh chemistry, English, math, etc., while he becomes acquainted with the broader aspects of a college education. As do most other students who major in a particular field, his specialization will not begin until his sophomore year.

With the addition of a deuce to his collar, the sophomore will find himself caught up in a maze of new and perplexing subjects. "Qual" and "Quan" analysis with "Doc" Schirmer, in addition to calculus and English Lit, add to his bewilderment.

If he should survive these two semesters, he has yet stiffer obstacles to surmount. Physical Chemistry now begins to show the future chemist how complicated the realm of the unknown can become.

Yet, if he should survive the three years required to become a candidate for graduation, the student can enter his last year feeling that he has the best training available.

EDUCATION

The curriculum in education prepares teachers for general high school subjects, with emphasis on the various fields of science. The other departments of the college provide a wide variety of courses from which the student may choose his major. The graduate in Industrial Education is prepared to teach industrial arts, drawing, manual training, and metal work in the high schools and evening trade classes.

During the first two years the Education major could be majoring in anything—studying everything from botany and chemistry to calculus. In the junior year courses in education, psychology, and even more advanced courses are offered. The fourth year these studies are completed with six weeks of practicing teaching in nearby schools.

ENGINEERING

The Clemson School of Engineering offers degrees in Civil, Chemical, Electrical, Mechanical, Ceramic, and Architectural Engineering and in Architecture. With the exception of architecture and architectural engineering, the freshman program is uniform, so it is the sophomore year that the prospective engineer chooses his particular line.

Since Clemson's School of Engineering is rated among the best of the nation, it is only logical that Clemson men are in demand both in civilian engineering jobs and as engineers in the U. S. armed forces.

All over the campus "Engine House" men are known by their ever-present slip-sticks and the constant moan of over-due lab reports.

TEXTILES

As more and more textile plants open in the South, more jobs are available to capable men. The School of Textiles at Clemson has been constantly enlarging to provide these men.

The Textile School is divided into three main courses—Textile Engineering, Chemistry, and Manufacturing. The course in Textile Engineering prepares the graduates to enter the research and development field. The course in Textile Chemistry prepares men for such phases of the work as coloring, bleaching, dyeing, printing, and finishing of yarns and fabrics, plus the manufacture and sale of dye stuffs. Textile Manufacturing is for the men who had rather enter the production and management phases of the industry. These men are all prepared for rapid advancement in textile plants wherever they might settle.

GRADUATE SCHOOL

Students that have completed their regular four-year courses, are sometimes eligible to continue and attain a master's degree.

Clemson's graduate school offers master's degrees in electrical, civil, and mechanical engineering, also in mechanics, physics, education, and most of the departments of agriculture.

Dr. H. J. Webb, a Clemson graduate and formerly chief toxicologist in the department of fertilizer inspection and analysis here, heads the department.

The library provides a constant and unlimited source of information for the graduate student.

THE CENTRAL DANCE ASSOCIATION

This is the organization that undertakes the gigantic task of planning and executing the popular Clemson dances. Their job requires much "behind the scenes work" with the end result being enjoyment for everyone. Many long hours of discussion and deciding, long distance calls, endless nights of decorating and finally the managing of the dance go into making of a Clemson Dance Weekend.

The C. D. A. started with practically nothing this year but through their hard work and ingenuity produced some of the best dances ever held at Clemson. They have worked hard to give the students exactly what they wanted and have done a thorough job of it.

CONCERT SERIES

The opportunity to see such famous and international productions as the ones represented by the artists shown on these pages is indeed a tribute to Clemson College and particularly to the ones responsible for the Concert Series.

Each year brings new and different talent to the field house for the benefit of the students and others living within close range of Clemson. These concerts are free to students except for a sum taken out of each student's activities fee. Each year also finds more and more students taking advantage of an opportunity, not to be found in many other localities.

GLEE CLUB

An important rôle in campus life at Clemson College is taken by the Clemson College Glee Club. Under the direction of Hugh H. McGarity, Head of the Department of Music, the Glee Club this year made important contributions to campus and community life.

The fifty singers gave generously of their talents when called upon to sing for the South Carolina Maid of Cotton Contest, the Bryan Green Missions and Religious Emphasis Week. These were in addition to their own Christmas and Spring concerts.

Highest honor was extended the Glee Club with an invitation to render a program for the General Session on Music in the Community at the Southern Music Educators Conference Convention in New Orleans.

A week before classes began, the members of the TAPS Staff, what was left of them, drifted back to Clemson from the house parties at the beaches and the mountains to get the '55 yearbook underway. After a hectic two weeks of collecting yearbook payments and making class pictures, the work was moved from the main building to the TAPS office in the basement of seventh barracks. With the prospect of moving the office to the new student section and with only half a staff, the work on the yearbook got off to a slow start. Later, as the Junior Staff was selected and the move into new quarters had been completed, the office lights began to burn late every night. By the middle of March, a tired but happy TAPS Staff had completed the 1955 edition of TAPS.

THE SLIPSTICK

Each quarter a group of interested engineering students publishes a technical magazine which has become one of the best-known publications on the campus. "The Slipstick" contains articles covering some of the most up-to-date developments of the engineering field. The students on the staff gain valuable knowledge on technological subjects which may be beneficial in later years.

BLUE KEY DIRECTORY

The "Blue Key Directory" is published every autumn by a staff selected from the members of the Blue Key Society. This booklet is one of the most useful publications on the campus and contains complete information on every student enrolled at Clemson. The name, home and school address, major course, and post office box number may be found, for any student, in the Blue Key Directory.

JOE MATTISON, SPEC TANNER and DON HARRISON—main cogs in the Blue Key publication.

YMCA Handbook staff seems to be proud of their publication.

Y. M. C. A. HANDBOOK

All the schools, the clubs and organizations, publications, churches, and means of entertainment on the campus are listed in the "Y. M. C. A. Handbook" which is edited each year by the Y. M. C. A. Cabinet. The staff begins work in the early spring, so that the handbook can be completed and printed by the time the freshmen enter in the fall. This publication aids immensely in the orientation of the new students.

ROTC SUMMER CAMP

The R.O.T.C. man's inevitable six weeks at Hades, R.F.D. . . . an experience that we wouldn't take a thousand bucks for but wouldn't go through again for a million . . . a period of general orders and breaking quarters . . . or overnight hikes and dry runs . . . and rifles and machine guns . . . and drilling and eating and sleeping by the bugle . . . most of all, we can't leave out those good "C" rations.

DEAN HUNTER looks out for the boys.

Up and over, I only have five more to go.

MOTHER'S DAY AND SPRING INSPECTION

Each May brings another Mother's Day and Spring Inspection to Clemson. Among the honored guests are the Clemson Mother of the Year and the Honorary Cadet Colonel. With many full-dress parades and military displays, the Clemson Corps of Cadets goes all out to prove its importance among the military schools of the nation.

The Military "wheels" and the Honorary Cadet Colonel walk the line in front of the Cadet Corps.

A cadet gets a thorough inspection by one of the top brass from third Army Headquarters.

The big day for spring inspection has arrived, and cadets litter Bowman Field in order that officials may reach the verdict.

The Honorary Cadet Colonel and her staff, picked at the annual Military Ball, reign over the ceremonies on Mother's Day.

This time tomorrow, boys, it will all be over.

BAND COMPANY

This is it! The 1954 Clemson Band Company! We had quite a year of it with our one and only C. O. Bubba "Loverboynick" Nickles inspiring us on to greatness. This year's company staff offreed quite an assemblage of story book characters. Clarke "Uncle Bud" Starnes, Bob "Bier Bar" Fox, Gettys "the Nun" Harris, The Graniteville Rock Easy Ed Pardue, Ben Bar-Bell, Smilin' Jim Gallman, Jerry V. "Scratch-what" Holcombe and our own tweetie pie, the High School Horror, Joe "Tex" Tisdale.

A brief look at some of our boys and for their activities: "Uncle Bud" takes the big step . . . Jim Bullock's weekly pilgrimages to Boone . . . "Masked Man" Lindell . . . Ben Bell's ole lady on his ear . . . "Loverboynick" snowin' all the women . . . Jerry V.'s weekends in Greenville . . . Cowboy's Danburgers . . . Tiddy Taylor, company lush . . . Easy Ed leavin' Friday at noon . . . All . . . Quadrangle Lynwood Anderson . . . direction a' la Mother Johnson . . . Father Alford's two-way wrist radio . . . Governor James Burns . . . Located high in the air on the top floor of "A" and "B" section of Clemson's modern dormitories is seen the well known, "head of First Battalion", Company A-1. It is first on the parade field, first off, and sometimes first among the best in the parade. William C. Howard, better known to the troops as "Pete", heads the company with a fair but firm hand. Between thoughts of Spartanburg, class work, and long weekends Wm. Fred "Mac" McClure acts as his assistant. Of course, there is also the ramrod of the company, Zac Watson, who always harps on the troops, "do it or you'll catch hell". Acting in the capacity of platoon leaders are Jim "D.M.S." Calhoun, who always can find something to bitch about, Bill "we got a new Olds" Johnson and James "always out to cut someone" Wilkerson. However, the company wouldn't be complete without "Hump" Humphries and "Slob" Robinson running around playing their "flench" and "blink" games. Robert "company clerk" Tanner, is the assistant ramrod and flag stick carrier for the company. Robert and his brother "Spec" have a monopoly in newspapers at Clemson. Company A-1 is one big happy family and each night there is the familiar sound of Taps and slamming of doors as Sanford Smith checks to see that the troops are all in bed.

PURVIS, W. J.

Company B-1 misguided by "T-Bone" Ashmore and misinformed by "Little" Pete Purvis, depicted beautifully "the morning after the night before" at inspections. High up in the stratosphere of the eighth level thrived this mass of befuddled humanity.

We were blessed with such outstanding nincompoops as "General Ram" Clelan, "Bidet" Satterfield, Precious Little "Squat" Campbell, C. C. (complete control) Walpole, N. C. (no control) Clark, John "the malnourished one" Gasque, Second Lt. Tankersley, and "Regimental Road Guard" Cox for our leaders.

As for N. C. O.'s, we had some corkers such as "Heavy Duty" Salter, "Baby George" Compton, Allen "the Athlete" Mason, Ken "Thin Man" Miller and "Stick" Able. Some other outstanding Juniors were Sgt. "I'm the meanest on the Campus" Heath, Hog "Lover Boy" Wallace and Bob "I hate being a private" McAlhany.

Holding down the checks and merits were "Mutt" Stall and "Jeff" Gasque.

Some of the other "Big Deal" Sophomores were "I was Corporal" Byars, "I finally made Corporal" Carter, "Bull-Frog" Linton, Ansel "Lover Lips" Flowers, "Loudmouth" Key, "I'm on the TAPS Staff" Dunn and the "Nutsy Men" Derrick and Taylor. Our rulers of the rats were Yank "I've got an excuse" Locker and "Grandma" Fortanbary.

All in all it was a great company and fine bunch of boys. We didn't win too many parades, but we sure had a lot of fun.

COMPANY C-1

The stillness of early morning is shattered by the bellow of Bull McElveen, calling out the company; while L. O. "Sampson" Bragg, (K)[2] Coleman, and Joe "Bridge" Edwards make sure none of the troops are sleeping, Tom "We'll win a parade yet" Drew makes his appearance. As the day moves on, we run into various characters who make C-1 the company it is. Some of the standouts are the "Stone" twins Tarleton and McKie, and the imported athletes Yockel, Cameron, and Pike. As dinner rolls around the "Company chow-hounds" Phillips, Padgette, Bob White, make their showing. After dinner there is always the familiar sight of "Snow-Kings" Ellison and Wilson, heading for Anderson. Darkness descends upon the hall and Padgette, Cooper, Edwards and Fowler make preparation for their nightly bridge game. Behold! A miracle has come to pass, Seig and Smith are studying textbooks, instead of date books; but there is no stopping Joe "I'm Hell since Sease left" Long and Dickie "I'll never love again" Reeves as they sadly go forth "to unknown destinations". As the sweet tones of taps sound, Red "I'm so in love" Cochran and Wayne "I'm in the Senior Platoon" Richey can be seen slipping in. Roses go to L. A. White, Boy Platoon Leader.

HENDRIX, L. A.

After wandering for many hours through the maze of corridors, we hear the snoring of the "sack hounds" (the Columbia Crew—Hendricks, McElveen, Faucette, and Cureton) of Company D-1. We see the tracks of the "share-croppers" (Wall and Spearman) and know that they have returned from the barns. It seems that they have been tending to the dates of Carter, Tillman, and Parsons. On the subject of dates, the "Round-Man" Robinette will be lost when "Tom" Fleming goes to the Air Academy. We hear that the C. O. and Exec. (Gertie Atkins and Grey) have been trying to play "snow-man" at the Nurses Home again.

Heard on the hall; Sherer is the hog of the Staff table. He and his brothers (Enos, Capell, Henley, Wilson, Crisp, Black, and Bridges) should all sit together on another table. Davis starred at "Club-18". Kay cried for his mama again last night. Nichols was elected commissioner. Milford's boys (Cagnon, Dotterer, Dunbar, and Austin) set a new record for light duty. Moore is looking over the "56" Putt-Putts. Workman is a "good-boy", and Shoemaker is the slowest rat on the company.

Of course, we had a few military ones (Roundtree, McKie, Spivey, and Burnette) but as a whole, D-1 was the best damn company in the regiment! Our concluding words are: "We'll never forget those company socials (the ones that we can remember). "Casey" and "Quillhead" (Kennedy and Parker) only thought they were hell with that flag (?) stick. Last and least, the company ace, Crafton brings up the rear.

HUNTER, W. R.

Company A-2 had the inside track to Winthrop this year through "Red" Martin, the "C. O." . . . also to Miss Georgia by means of Bill "Ware's little boy" Hunter. Duffy Taylor won the award for the "biggest belly-acher" of A-2 and he's got the equipment to go with it. "Nutsy" Prosser was our tin soldier and Rat "Cloudy" Smith was just the opposite. The "2 Ds", Doar and Dority, were always following the Battalion Sgt. Major . . . wonder why? We wondered whether McKinney was coming or going—his mouth was so big! The two celebrities of A-2 were "Lover Boy" Kay and "Ace" Brothers, star athletes but the sorriest rats. And we wonder what the regimental would say if they knew it was Bill Mosely and his old lady who exploded the "Atom Bomb" in the hall. Rat Sharp had to buy a new hat when he started eating on the staff table, "Cat" Gillespie's "low-down blues" music kept everybody jumping. Also, any resemblance between Rat "Mouse" Munnerlyn and a real rat was NOT purely coincidental. "Nozzle-Nose" Folk almost gave out of blood before the end of the semester. "Liberace" Key won this year's medal for the command voice "most likely not to succeed". We never could figure out why Jake Rogers spent all his Saturday nights in the cemetery in Greenwood. All of A-2 was up to par except "Zero" (I. Q.) Blackman. Sturgis was such a disreputable character that the less said about him the better. Looking back over the year and wondering why we never won a parade, we always came to the conclusion that the company clerks just "ain't got it".

COMPANY B-2

Two years without winning a parade! Unbelievable? Let us inform you of just a few of the reasons leading to such a miserable showing. "Poogy Darling" Poovey and "Bust Sheet" Bridwell tried hard to be bad actors but failed. Slipping girls in the dorms was a good morale factor though. "Worley-Bird" was always off to Charlotte and "Lonely-Hearts" Moulton wasn't much help. "Motor-Mouth" Hefner and his assistant "Bust Me If It'll Make You Feel Better" Phillips kept plugging but let "Tarzan" Howard and "Ding a Ling" Miller beat them out for the "Browny Point" title. McCoy ran a close third.

The company rose five minutes early each morning to give tribute to its idol, "H and M" Huggins. Everyone was looking forward to Feb. and his leaving. The frequent click of glasses was heard from the upper end of the hall. The lovers, Braid and Boudoncies, took care of the coeds while "Guitar" Smith and Turner provided music at "I'll Fight-um" Patton's Friday night amateur attractions. "Grade Pointers" Wilson and Miller were off to Riggs while "Sack-Hounds" Bare and Gambrell had to be awakened for long roll. The "Twins", Hoot and Luke, lost out to Red and the Doctor as being the biggest nothing, and to top it all, we had to put up with Culpepper, the "Company Joke".

Upon entrance of the "Penthouse" floor of section E, one finds many interesting things happening. Every morning we are awakened by the cheery voice of Rat Droopey, saying, "It's that time, sir."

The first thing to be seen on one end of the hall is 2nd Battalion Headquarters. There is also the only phone on the Regiment situated by the door of yours truly.

Sometimes in the afternoon's enjoyment, one may hear the strained sounds of Company C's Hillbilly Band. Rat "Droopey" on the accordion, Elrod on the fiddle, Jones on the guitar, and Morgan on the bass are playing and singing "Bile Them Cabbage Down". Once in a while, Rat Cox will sound off with, "There Stands the Glass".

In the new dining hall one can always hear Oscar "the screech" Sandeis and David "I'm the neatest appearing Junior" Padgett, cutting each other about Annette and Mallard. We also had the neatest appearing Freshman and Sophomore in the persons of Rat Hill and Randy Stewart. On up the hall lived McCalister and Satterfield, the platoon sergeants, who cut formations only when there was a check-up. I think "lover boy" honors went to Driggers and Furman, and of course, the company was commanded by John D. "I bought my Capt. stripes early", Mixon. So be it.

HELMS, A. K.

The new dormitories brought some new faces to Company D-2. C. O. Andy "G. P. R." Helms had trouble keeping the boys in step, while Sgts. Miller and Elliot were seeing who could hand out the most demerits. Arthur "I'm Hell" Neil walked off with honors giving out 430 as O. D. Some of the old faces were back too, with Jimmie "Mighty Mouse" Verdin and John "I'm heading for Converse" Anderson leading the list. "Spacks" DoCorn kept the barracks well wired up with his electric work. Dave "Have Another" Cochran, Bill "I'll Take it Straight" Boatwright, and Jeep "Double Shot" Warriner kept things lively at the parties and "Rover Boy" Matthews and "Tick Tock" brought good business to Bill and Hatties. Football heroes Billy Hudson and Willis Crain weren't seen too much around the company but "Catfish" Cromer kept us well informed. Rats Jones "Loudmouth Award", Martin, Carr and George kept the Anderson road so hot that First Sgt. Verdin was going to have the roll called over there on weekends. Roger "'Tiger' Editor, C. D. A." Yike and Bill "Aero-Club" Jones brought much pride to D-2. Bill put some scares into some of his passengers with his rolls and flip-overs.

The civilian life beckoned to many of us and we hated to see T. Boyce, J. Butt, and H. McKenzie leave our halls. All in all it was a pretty good year—the rat service got worse, the food remained the same and the rooms were a lot better but we all managed to survive.

A week in the life of the men on Company A-3 begins at 7:00 o'clock Monday morning when Lou "mr. Military" Wright sounds off with his classical voice. The only person not at the formation is Jerry "I never get up on Monday" Martin. In the dining hall Rat "I'M pulling for cadet colonel" Permenter, is still in a trance thinking about how he almost kissed Josie. Later in the day we notice Rat "the orange headed geek" Heath beating out of hall detail as usual. Monday night we see Bob "just call me cocky" Owens strutting to the P. O. for his usual sugar report. At Tuesday drill, Glen "I went to a military high school, so look out for me" Jones is trying to run the company again. On Tuesday night, Charlie "Bubble Belly" Proctor and Tom "I've got one, too" Geddings turn the lights on in the dining hall. We have our share of lovers, too. Bob "snow king" McCreight, Sammy "they love me" Owens, and Bob "how do they live without me?" Holman are a few. When Thursday comes around, everyone begins planning to go home except George "always leave them laughing" Jenkins, who is still wondering where Hurricane Hazel left his house, and Rat "I'm all mouth" Little, who begins looking for a sixth grader to pick on. By the time Friday rolls around we learn that Rat "Dog Face" Davis has been sleeping with the dogs again, and that Rat "B-B" Buddin has found his hero in Johnny "I'm a tackle" Thomason. By the time Saturday gets here everybody is ready for a rest.

COMPANY B-3

We have dedicated this write up to those of you who are getting a first glimpse of Clemson through this yearbook, in order that you may learn what goes on in an average day of a typical cadet company.

Rudely awakened by the wild-bull bellowing of First Sergeant Jimmie "call me Geech" O'Hear, our company makes its way, half dressed and still asleep, to breakfast formation minus, as usual, the presence of such V. I. P.s as Joe "the lost Company Exec." Tinsley and his two protégés, Monkey "my girl is a party pooper" Fuller and West "I'm a Supply Sgt.(?)" Summers.

We find C. O. Donald "the bird-lover" Cockfield grinning happily. He finally met a formation. At supper, rats Leroy "shovel-mouth" Thomas and Reid "I'm a regular ——" Davis consuming all the food at their table. Frank "dear John" Bryant and David "motor-mouth" Masters and Dan "pear baby" Robinson adorned in their perennial candy-stripped P.J.s This ends the day with Company B-3. Good night and sweet nightmares to a bunch of real crazy guys.

COMPANY C-3

Let's take a look at the characters on C-3 as first sergeant "Bust'em" Ramage falls them in. There is Rat Rowe, the yankee with the technicolor brace . . . Rat Ray Strock, with a chest like a turkey buzzard—and a face like one, too . . . "Ape Osteen", the mad lover . . . the "I thot I knowed you twins", Waddy Batson and "Hopalong" Connor . . . Simbo "I wear an innertube" Simms . . . Bill Polhemus, Company Dutchman, chief chowhound, and master of the lighter fluid attack by night . . . the two birds-that-don't-fly, "Geech" Johnson and "I never meet breakfast" Hoover . . . Mac Lindler, the kindergarten kid with the "tin soldier" complex . . . Fuller and Fowler, the Mutt and Jeff of the company . . . Swetenberg, "the sweetest boy in the world" . . . Wilkes, the fifth battalion sergeant-major; Cox, battalion commander . . . "Snowman" Cooper and his Siamese twin, Red "I'm scared of girls" Rice . . . Jack "I don't bust nobody" Leutwyler . . . Herman "Socialite" Jackson . . . Rutz, Fraley, and "48, 49, 50" Brown, the world's worst lovers . . . "Slim Jim" Winbourne . . . Heaton, the kool kid . . . the damnyankees, Gentile, Krauss, and Trimmier, three of a kind . . . Rat "I chew Brown Mule" Howard . . . C. I. "I never turn in a damn report" Sanders and his ole lady "The Purple Flash" Hunt . . . Sanders and the "sun that doesn't shine" Ramage pooled their doubtful talents to write this article, troops! . . . And last, and least, Captain Richard "Dumbo" Neely, the boy commander of the whole wreck! What a mess! (Embellishments to the Sanders and Ramage original of this manuscript provided by the PHANTOM.)

Company Commander, NEELY; Company Executive, WHITLOCK; First Sergeant, RAMAGE; Supply Sergeant, SWETENBERG; Company Clerks: TRIMMIER, NORTON; Platoon Leaders: FULLER, BREWER, THORNTON.

COMPANY D-3

Company Commander
COX, J. A.

Company Executive
MAJOR, C. S.

First Sergeant
CREWS, J. F.

Walking down the halls of D-3, one hears the tinkle of little glasses and you know that James "I'm hungry" Cox and some of his battalion friends are at it again while his old lady Charlie "I'm not hungry" Major looks on in disgust. Everything is quiet, almost that is, for in the distance Pert "I almost made first sergeant" Coleman is heard griping about his checks and merits. The psuedo silence is broken only by Lonnie "Deal! Deal! Deal!" Shealy trying to round up some poker players. Needless to say his old lady, Tatham, has already been rounded up. Don't get the wrong impression. Altogether this is a quiet and conservative company and a great place to study. The twins, Louis Farmer and Charlie Richie, wouldn't think of making any noise while they shine their brass in front of the Bat Staff rooms. The nights are really wonderful. There are lectures by Jerry "I'm hell with the women" Crews and Ronnie "I'm up on military courtesy" Christopher. Rats Brunson, Danielsen and Shokes spend most of their time where they think it will do the most good. The biggest deals on the company are the company clerks, H. T. "I room with Bill Rawls" Johnson and Lewie "please don't leave me out" Amick. The company lost two of its biggest party boys when Frampy "child bride" Wyman and Cliff "the Phantom Spitter" Abery moved. Two more left in January when Gerry "I'm a stranger on this company" Lyons and Alan "You'all think I'm a drunkard" Cannon graduated. It should be easy now to understand why Crew's Crew was the best on the campus.

Company Commander, COX; Company Executive, MAJOR; First Sergeant, CREWS; Supply Sergeant, MAHON; Company Clerks: JOHNSON, AMICK; Platoon Leaders: SMITH, RICHARDSON, CORLEY.
first row: WILLIAMS, COBB, POWERS, GOWAN, JOHNSON, BOOZER, BRUNSON, BLANCHARD, ROGERS, SHOKES. second row: DANIELSEN, SCHOOLBRED, HARRIS, DUNN, WRIGHT, MILLER, BAILEY, RAWL, BATY, CHRISTOPHER, MATHEWS. third row: FARMER, SANDIFER, WIMBERLY, McKELLAR, HAMMOND, SHEDD, LAVENDER, SANDERS, RODGERS, JOHNSON, REEVES. fourth row: COLEMAN, SUGGS, SHUMPERT, RUGH, McAULAY, WHETSTONE, HAYDEN, PATTIE, WESSINGER, DAVIS, CHUMLEY, REEVES, RICHIE, DAVIS, HORNE, RULLAND, BURRISS, ROSE, MILLER.

Now, let me see. Dirty brass, 10; dirty shoes, 5. Aw, to hell with it. Dirty all over.

DAVE and "dimond staff" line up with the new coed staff to watch troops pass in review.

By the way, Captain TURNER, did you knock before you entered.

COMPANY A-4

Company A-4 might not have been the most military company on the regiment, but its members sure had their share of fun. Bill "I don't lock my door" Turner and Bill "so right tonight" Passinos kept the old company going all the time. George "C. Ex." Harvey and A. J. "diamond" Hutto perpetually counted cadence on the wrong foot while George "I room with Turner" Auld and "Mooney" Mooneyhan didn't sweat it all year.

The company lovers were "Tonsils" Tannery and "Southern" Borders, though they were pushed by "Yankee Joe" Caristo and his stooges, Palagonia and Suriani. "Marlon" Pettigrew was his old countrified self while "Happy to be a yank" Tragus was always where he shouldn't be.

Rats Terry and Snypp sure loved those company socials, "Booker T." Washington and "Dandy Dan" Richards were always drumming up somebody. Nelms, Bryson, and Holbrook had a close race for "nuttiest" sophomore and the Geetchies, Strom and Box, made good in the military. "Slab" Blanton kept the rats on a stick, under the guidance of "Great White Father" Campbell. Gillespie and Lawson loved their sacks almost as much as Bunton and Jewell loved their wives.

The company clerks, "Wheel" Cromer and "Hurricane" Collins really made up some fine ballads for the troops. "Pretty Boy" Parsons and "Angel Face" Thompson were the handsomest boys on the company with "Whiz" McDowell and "Layup" Shealy getting runner-up, "Jelly Belly" Shore receiving the booby prize. All in all, "Turner's boys" really lived it up.

Company Commander, TURNER; Company Executive, HARVEY; First Sergeant, PASSINOS; Supply Sergeant, CAMPBELL; Company Clerks: COLLINS, CROMER; Platoon Leaders: HUTTO, BRITT, HOOD.
first row: SHEALY, PECK, COURTNEY, CARISTO, McKINNELL, BUMGARDNER, BRYSON, CHEWNING, STRICKLAND, HEUSTESS. second row: THOMPSON, STEVENS, McFADDEN, HENDRIX, HOLBROOKS, HOOVER, SNYPP, BROCK, WESTBURY, BLOODWORTH, YEARGIN. third row: BABER, JERVEY, DULIN, CARTER, WHITLOCK, DOWDLE, GORE, GOSSETT, MYERS, BORDERS, CHAPMAN. fourth row: McCARROLL, COVINGTON, INGRAM, HUNT, RICHARDS, SURIANI, PALAGON, TANNERY, McDOWELL, TERRY. fifth row: PADGETT, WILLIAMSON, PUGH, TIMMERMAN, WASHINGTON, PARRIS, TARGIS, HUTSON, NELMS. sixth row: STROM, PARSONS, BLANTON, BROWN, BOX.

COMPANY B-4

Though little trouble this year a great many boys have acquired new names on the company. Instead of writing about them, we are listing them, not in order of importance as it would be impossible to put these cruds in order. Here they are: Dick "Yankee" Freund, Anderson Hospital's Daddyrab; Bob and J. D. Hayes, the night owls; Leon "Twiddle" West, President of Firebugs Anonymous; Bill "High and Mighty" Lawson, I'm table commandant; Roger "Bachelor" Chastain, almost a honeymooner; James "Pipe" Harrison and "Lover" Case, case of Harrison's girl going to Case; John "Dear John" Burriss, got another letter to someone else named John; Bill "AWOL" Behr, so smooth, they faint on him; Philip "Gone every Friday" Martin, the standing permit; Fletcher "Flip" Smoak, cheerleading flash (flush); Ambrose "Hungry" Easterby, chowhounds' hound; Gilbert "Ole Lady Hater" Dupre, God's gift to women; Leon "Runt" Hunt, military lover; Glen "Big Nose" Nasworthy, leader in Brownie Points; Jim "Stiff" Donnan, Ex-Corporal; "Sarg" Lewis, local boy makes good; "Wee-one" Torbik, loudmouth; "Yodeling" Reynolds, new ughproack to hillbilly music; Michael "Ron-ton" Argo, "I've got a new car, a '49 Ford"; "Killer" Tumbleston, Clemson's answer to Anderson College; Ellison "I'm engaged" Smith, Dick Moore's friend and admirer; "Tweetie Bird" Brown, the new concept in orange.

COMPANY C-4

Now comes a time to look at the pride of the 4th Battalion. None other than Hoyt "I don't mean to be tough, but ——" Hardee's Company C-4. It is time for Sunday night long roll and we hear the mellow voice of First Sergeant "I shot three Saturday" Wright, ring down the hall. Company Clerk Taylor's bus just returned from another trip to the mountains. (You sure you went all the way to the mountains, Joe?) and, Ed "I snow 'em all except the one the rats date" Patrick is on hand to lead the second platoon after a joyous weekend in Gaffney.

Always, after long roll, we could depend on Lt. "Bird" "I hide my coffee pot from Capt. Austell" Smith to provide a cup of java. During the formation we could depend on a few words from the Regt. Pvt., "Rat" Inabinet.

"Mail Orderly" C. G. Hushes was always out of stamps when you needed one. And then there was always acting First Sgt., Pvt. "Let's try it again" Kellers. Also attending the formation is Sam "the Fig Leaf" Rice who has just returned from the shower.

And last and surely least is the Battalion Staff who occupies space on one end of our hall, of which we can find nothing of value to record.

Company Commander, HARDEE; Company Executive, COLEMAN; First Sergeant, WRIGHT; Supply Sergeant, KOWALSKI; Company Clerk, TAYLOR; Platoon Leader· SUGGS.
first row: SARTON, SMALL, NORRIS, GILREATH, KRUGER, CAMPBELL, ESTRIDGE, INABINET, MAHAFFEY, COX, WRITWORTH. second row: RICE, WHITE, SPEARMAN, SMITH, HUGHES, PATRICK, NICKLES, CHAMBLEE, STANLEY, HINSON, BATES. third row: THOMPSON, PHILLIPS, CAMPBELL, PLOWDEN, WASSON, BROCK, BOLT, LANGTON, BAYNARD, OWENS, MULLINAX. fourth row: CHAMBERS, HUGHES, CLEMENT, JONES, SANDERS, STEEDLY, DEMPSEY, WILSON, SHERRIF, MOODY, BOWMAN. fifth row: GANDY, HOUSE, CARLISLE, KELLERS, BURNETT, BULLINGTON, KIRBY.

COMPANY D-4

The best is always saved for last. That's us. Over in the D (dungeon) section, also known as the "athletic club"—lots of football players. You can always hear the cry "I don't want to carry a rifle" yelled by "James Cagney" Pitts and "Louie the Lout" Spearman to their "ole lady" Long.

"T-man" Kelly can be seen chasing H. B. who is yelling, "Ennis, you owe me a ——". Bennie Wiggles and "Skinnie" McLaughlin are looking over "I don't need a haircut" Bentley's art gallery. Rat "Warthead" Flowers is continually trying to convert his "ole lady" while "Liberace" Skinner wonders who used his room over the weekend.

"Chatterbox" Bum is talking "Rat Sgt. Wrong" into going on guard for him. The "Dago", "Georgia Boy", and "Swamp Boy" Corrigan are admiring the sunset reflected from "Muddy Rivers'" dome.

Crossing over into the E Section, we meet the "Panama Kid" carrying his over-night bag to Riggs Hall followed closely by "Guess Who".

Bridgeman and Best can be seen shining their "anti-rifle" buttons while Kirby is being busted by Jones. Ferdie just isn't, period.

"Potted" Potts and "Wilted" Wilson are trying to find "Rat" Roche in the fog. Next we see "Curley" Hamby tucking Missroon into bed. "Half of a cute couple" Galbraith is adding the names of "Up and at 'em" Christopher, "Loverboynik" Stoddard, and "Fatso" Williams to the bust sheet to prove he is a wheel.

As we leave the halls of D-4, we can look back and agree there's not a "party-pooper" in the crowd.

SENIOR PLATOON

DAVID MORRIS
Leader

The Senior Platoon is a Clemson organization composed of men who are picked primarily for their drilling and teamwork ability. After they are chosen they begin drilling to learn how to function as a team. They acquire no worldly gains for their tiring efforts. Only their love of perfection and the honor of being a necessary part of a precision organization drive them on. Their practice drills number many. Throughout the year they practice, in the early morning and after dark, until their movements are as flawless as possible. Through their efforts they have become nationally recognized as the crack drill platoon in the country. The tours they have made in the past have taken this group all over the country for invitational appearances. All in the platoon deserve much praise for their accomplishment.

PERSHING RIFLES

The Pershing Rifles, formed in 1892 by John J. Pershing, is a national honorary military society organized for the purpose of encouraging, developing and promoting the highest ideals of the military profession—leadership, honor, and brotherhood. The Pershing Rifles is a purely voluntary organization. The members are active as a drill unit only in their second year. They are chosen, through elimination drills, for their drill and teamwork qualities. Their reward for their extra efforts is only the prestige involved in belonging to a precision unit.

BLUE KEY

Rated tops among honor, leadership and service organizations is the Blue Key, a National Honor Fraternity. It is toward this reward that the hopes and ideals of many a student are directed.

Since its inception, Blue Key has rendered invaluable service to Clemson. In the coordination of campus life, the welfare of the student is a first and foremost goal. One of the services rendered annually by the Clemson College Chapter of the Blue Key is the compiliation of a directory of faculty, students, and student organizations. The Directory is not only of use throughout the school year, but it is valuable for years as a reference to the addresses of many friends acquired in college.

ALPHA PHI OMEGA

Composed of men with the earnest desire to be of service to their fellow students, faculty, and community is the Gamma Lambda Chapter of the Alpha Phi Omega, was first organized at Clemson in 1936.

Prerequisite to membership in this organization is former membership in the Boy Scouts of America. In addition to this the prospective member must have shown active interest in earlier college activities and be recognized for his strength of character, integrity and sincere longing to assume leadership.

The imposing objective of the organization includes four major fields of activity in which the program is delivered. These four fields which call for the attention of each chapter are:

Service to the student body and faculty,
Service to youth and community,
Service to members of the fraternity,
Service to the nation as participating citizens.

President

First introduced at the University of Illinois in 1923, Phi Eta Sigma was founded as an honor society for freshman males only. The Clemson Chapter was initiated in 1940 and since that time it has become the highest scholastic honor a freshman can achieve.

All freshmen who maintain a grade point ratio of 3.5 for their first semester or a cumulative grade point ratio for their first two semesters are eligible to become members.

Other than introducing the "brains" to each other, the fraternity members arrange to help other members of the class who are having a more difficult time in their studies.

That must be a good yarn, BILL.

PHI PSI

When in 1927, Phi Psi, National Honor Textile Fraternity, chartered Iota Chapter, Clemson came into possession of its first Greek-letter fraternity. Among Clemson's many honor fraternities today, Phi Psi is outstanding in activity, in fellowship, and in well-exhibited interest in the school.

This professional honorary is made up of textile engineers, chemists, and manufacturers. Members of the Phi Psi are constantly urged to raise the scholastic standing of the textile school, and to preserve and strengthen the bond of mutual professional interest which is the basis of its organization.

TAU BETA PI

Tau Beta Pi, National Honor Engineering Fraternity, was founded at Lehigh University in 1885 for the purpose of recognizing those men who have conferred honor upon their Alma Mater by distinguished scholarship and exemplary character as undergraduates in engineering.

Tau Beta Pi, the top engineering society at Clemson, is a high goal and mark of achievement for students majoring in Mechanical, Civil, Electrical, Ceramic, and Chemical Engineering. To be eligible for membership, a senior must have a cumulative grade point ratio of at least 2.83 and a junior must have at least 3.33.

The club promotes competition among its members and gives them a chance to exchange engineering ideas and theories.

The highest honorary fraternity for agriculture students, Alpha Zeta is a national organization whose members are selected from students "of high scholarship on the basis of character, leadership, and personality". They shall have completed four semesters at Clemson and have the required grade point ratio.

Alpha Zeta exists for the mutual benefit of the brotherhood. Membership is a coveted honor. To accomplish the greatest good and to fulfill our greatest mission, the fraternity must serve as a stimulus to effort, rather than as a goal to be reached.

In selecting undergraduates, it has as its aim to choose those who give promise of becoming agriculture leaders when their collegiate courses are finished, and they take their places in the great field of agriculture development.

MINARETS

Composed of a select group of architects, the Minarets represent the architecture department of Clemson.

The fraternity was founded with a two-fold purpose in mind—to raise the character of work done in the department and to develop its members socially.

Though a professional honorary by classification, the club has banquets and intermission parties, as well as regular meetings where alumni members, now practicing architects, interior decorators, and contractors, present programs pertinent to architecture.

PHI KAPPA PHI

Phi Kappa Phi, the highest scholastic honor a Clemson man can attain, is a magnetic ideal for all students. For membership, which is surprisingly large, a senior must have a cumulative grade point ratio of 3.5. A great deal of prestige and recognition is due them for their perseverance and hard work. Its graduates, the leaders of tomorrow, are well prepared for the task before them.

Recognizing the quality of all branches of knowledge, Phi Kappa Phi seeks to foster learning in competition with numerous attractive interests affecting the modern everyday life of the undergraduate.

The American Society of Agricultural Engineers, founded at Clemson in 1931, has been influential in bringing the students and faculty of Agricultural Engineering into a closer relationship.

Membership requirements are based on scholarship, character, and personality. These factors are of prime importance in the development of the spirit of teamwork. This is very important in their programs and projects. This broadens the outlook of the students, affording them a well-rounded ground work for life.

BLOCK AND BRIDLE

Organized as the Animal Husbandry Club in 1932, this organization was admitted to the national organization in 1948. The club instructs its members in the intricacies of modern livestock development.

The field covers the comparatively new science of genetics for the modern livestock breeder. No longer does Farmer Brown lead his herd into the pasture to feed for itself. The modern Farmer Brown has the various new scientifically developed feeding programs. These are only a few of the multiplicity of new discoveries which are, through the medium of the Block and Bridle Club in conjunction with the classroom theory, transmitted to these students.

The National Textile Manufacturing Society, the Clemson Textile School's only professional fraternity, has in its first five years grown to be the answer to the wants of the Clemson textile men majoring in textile manufacturing. Recently its membership has been opened to all men who are juniors or seniors, whereas before it was limited only to those majoring in textile manufacturing.

The N. T. M. S. is guided by a member of the Textile School's faculty serving as the faculty advisor. The organization offers to the textile men opportunity to hear professional men from the mills speak on problems which will confront textile graduates when entering the industry.

ALPHA CHI SIGMA

AXEs during meeting in fraternity room.

Alpha Chi Sigma is a national professional chemical fraternity comprising fifty-three collegiate chapters and twenty-nine professional chapters. It is one of the largest organizations of its kind in the U. S.

The Beta Epsilon chapter of Alpha Chi Sigma was chartered a member of the national fraternity in 1939 after having its birth in the "Athanor", a local chemical club.

The purpose of the fraternity is to promote higher scholarship, a higher sense of honor and stronger bonds of friendship between its members.

During the year, the fraternity has sponsored the sale of protective lab aprons, a series of safety posters, and several social events.

Its primary purpose is not to have a primary purpose, because anything primary is too focal. The Barn Ring, the present chapter, is composed of the no-goods, the do-nothings, the have-nothings, the want-nothings, the can-get-nothings, the got-nothings, and the never-will-have-nothings. Wherefore, herefore, thereby, and thereas we intend to do nothing. Our social activities, which are limited to only seven days a week, twenty-four hours a day, are designed to interfere as much as possible with our scholastic activities. Girls are present whenever available. Our Barn Chapter, even though composed of the zeroes on the campus, is stocked rather well, financially, as witnessed by our summer fraternity house. Episcopal students at Clemson are united in the Canterbury Club of Holy Trinity Episcopal Church. Clemson's Canterbury Club was the first chapter of the National Canterbury Association of Canterbury Clubs in the nation. All Episcopal students are organized through the Canterbury Club into a Student Parish having its own Senior and Junior Warden and Vestry. The Student Parish is integrated into the total life of the local church through local Parishioners who are mainly faculty members. Students have the opportunity to help with improvement of church property, Christian Education, and Evangelism. The group meets each Wednesday evening during the school year. The students lead their own worship service in the church; then assemble in the clubroom for their business meeting, study program and recreation. Student wives form the Auxiliary to the Parish and provide refreshments and entertainment.

HILLEL-BRANDEIS

At weekly meetings held at the "Y" in lieu of a chapel, members of the Hillel-Brandeis Club gather to promote spiritual advancement, social achievement, and universal friendship.

Although the number of Jewish students on Clemson's campus is relatively small, the group is actively engaged in many activities. Some of these are discussion groups and forums, guest speakers, and meetings with other religious denominations from Clemson and surrounding colleges.

The final phase of the club's activities for each school year is the presentation of the Hillel Plaque, which honors the person on the campus who has done the most to further brotherhood on the campus.

L. S. A.

The Lutheran Student Association, affiliated with the Lutheran Student Association of America, is made up of the Lutheran students on the campus. The program is sponsored by the Division of Student Service of the South Carolina Synod.

The association attempts to develop fellowship among Clemson's Lutheran students by presenting programs of interest in the form of speakers, informal discussions and various social functions.

P. S. A.

P. S. A. is the original and the Clemson name for Westminster Fellowship, the Presbyterian Church's fellowship with Jesus Christ, with people of the campus community, and with each other. The programs are planned by the students for students, with a goal of spiritual growth, and a mature interest in the church.

"Doc" Crouch's affectionate pokes in the ribs, "Ma" Crouch's "coffee hounds", Wednesday night P. S. A. meetings with sentence prayers, and the Mizpah Benediction with "and the" added are phases of the church program at Clemson which Presbyterian students will long remember.

WESLEY FOUNDATION

Formed to take care of a need for a more thorough church program for Methodist students, the Wesley Foundation has found its place on the Clemson campus. The organization was set up the Methodist Church for students in the state-supported colleges throughout the nation. The Foundation provides a well-rounded Christian life for the Methodist students on the campus in offering opportunities for worship, work, play, fellowship, and study. It also helps develop students for work as a lay member of the church which they will attend after graduation.

Y STAFF

The Clemson Y. M. C. A. is one of the best known organizations on the campus. Every student, in one way or another, comes in contact with at least one of the many activities sponsored by the "Y"—either through the intramural program, the various means of entertainment at the "Y" itself, or through one of the religious programs sponsored by the "Y". In the Y. M. C. A. building there are two theaters, pool room, and two club rooms, which are open for any student or faculty organizations on the campus. Every Sunday there are Vesper programs presented by local people and guest deputations from girls' schools. During the week the "Y" presents a social program for all companies in the corps. At these gatherings one company at a time meets at the "Y" for an informal bull session, and song fest, and following that is a movie. The intramural program, under the direction of Mr. Roy Cooper, gives each student the opportunity to participate in athletic events. Indeed the "Y" has earned a place on the Clemson campus.

Y CABINET

The "Y" Cabinet is composed of the student leaders of all the church groups on the campus, and the outstanding workers on the "Y" Councils. The members work to promote a better understanding among the various faiths, and through their mutual faith to carry out a number of projects promoting inter-church and inter-college cooperation. Their efforts have paid big dividends, both to the members and those who have profited from their work.

GENERALS

Clemson field house . . . home of the athletes.

FRANK HOWARD
Head Coach

On the shoulders of these men fall the task of producing winning ball teams. Throughout the years, FRANK HOWARD and his staff turn out teams that have gained national recognition as a top power.

Not only on the gridiron have their teams excelled but in other sports as well. BANKS McFADDEN, basketball coach; BOB SMITH, baseball coach; and ROCK NORMAN, track coach; round out the staff for the major sports at Clemson.

Much credit must be given to these men for the fine work they have done with the Tigers.

MANAGERS

One of the main backbones of Clemson's athletic program are the managers, who work hard and devote much of their time keeping the Tigers in first-class shape. Their efforts and work keep the sports equipment in tip-top condition for the next encounter. At all times throughout the different seasons these fellows are on hand to aid the players and the coaches in any way possible. We feel that these boys deserve the best because they have given the best, so . . .

Our thanks to the managers, the unsung members of the Tiger teams.

CHEERLEADERS

The Clemson cheerleaders are the backbone of the Tigers' spirit. Through victory or defeat, at home or away, these men keep the crowds yelling, and the spirit of the cadet corps at the peak of perfection. Much credit must be given to them for the time they spend preparing the pep meetings and new yells for the Tigers.

Congratulations must be given to GEORGE BENNETT, head cheerleader, for his fine work throughout the year.

BLOCK "C" CLUB

The Block "C" Club of Clemson is composed of those men who have lettered in one of the major intercollegiate sports: football, baseball, basketball, or track.

It is an outstanding honor to be a member of this organization in which the initiation is considered the most rigid on the campus. To compensate for the many hours of practice, these boys have some of the greatest social functions of the school year.

The main contribution of the Block "C" Club to the campus is to encourage sportsmanship and further our sport achievements in the nation's eye. These men also sponsor movies of football games played by the Tigers and help in bringing about the success of "Religious Emphasis Week".

THE 1954 SEASON

At the close of the 1954 football season Clemson finished up with a 5-5 record, which by no means indicated the type season the Tigers experienced.

Clemson's defensive efforts enabled the team to finish third best in the nation in total defense and fourth in rushing defense. Only four teams in the United States limited the opposition to an average of under 100 yards rushing per game, and only three teams stopped their foes at under 180 yards total offense per game. The Tigers qualified in both instances. DeSIMONE, AVERY, WELLS, and KING were what one might call the backbone of this powerful defense.

All in all the season was a fine one with many thrills and a few let downs, but one of the main outgrowths of the 1954 season was the establishment of the "K" team under the leadership of DON KING and the "B" team led by CHARLIE BUSSEY.

JOE PAGLIEI, right halfback, leaps high in a spectacular run.

CLEMSON 33 P. C. 0

P. C.'s BLUE, tries hard for yardage, but fails.

In the opening game of the season, Frank Howard unleashed his powerful Tigers who rolled to a 33 to 0 victory over the P. C. Blue Hose. The Bengals started providing thrill for the spectators on their first offensive play of the night by a 38-yard T. D. pass to Scott Jackson from King. Later in the same quarter, Joe Pagliei flashed around left end for 15 yards and the second T.D. of the night.

In the second quarter, the second powerful Tiger eleven took the field. After a 93-yard sustained drive spearheaded by halfback Wells and fullback Hankinson, Jim Coleman shot off his right guard for 20 yards and the third Tiger score.

Midway in the third period came the sparkling run of the game when Pagliei took a P. C. punt on the Tiger 26, and raced 74 yards for another score. Coleman ended the scoring in the final quarter by crashing over tackle for the last six points.

Defensively, all three Clemson units showed an adeptness in stopping P. C.'s ground and aerial game. Tackles Clyde White, Tommy Mattos, and guard Dick DeSimone excelled for the first unit defense while standing out for the second group were tackle Dick Marazza and guard Don Rinehart.

Halfback, JIM COLEMAN, drives over for the T. D. after a 83-yard drive.

CLEMSON 7 GEORGIA 14

Rated an even choice to beat the Bulldogs of the University of Georgia, Clemson played one of the hardest and best games seen by any football fan in many years. The game was even from start to finish but succumbed in the end, 14-7.

In this hard-fought game a new star came into his own by quarterbacking the Tigers for many gains on the ground as well as in the air. CHARLIE BUSSEY, sophomore quarterback, shouldered the load of the entire game due to the absence of ace quarterback DON KING.

An inspired Tiger line which limited Georgia to 71 yards rushing helped BUSSEY in his debut, along with the hard running of JOE PAGLIEI, NEUF ANKUTA, and BUCK GEORGE.

JIM COLEMAN climaxed a 13-play, 83-yard sustained drive in the second quarter for the Tigers by crashing over the Bulldog goal line from three yards out.

In the forward wall another sophomore, DICK DeSIMONE, made his debut by playing a great offensive game and an even more outstanding defensive game at one of the linebacker positions. Also doing a remarkable job in the line were CLYDE WHITE and WINGO AVERY.

Quarterback, CHARLIE BUSSEY, sweeps end for yardage in his first varsity play.

Fullback, FRANK GRIFFITH, lowers head in hopes of bulling his way through the V. P. I. defense.

CLEMSON 7 V. P. I. 18

Halfback, JIM COLEMAN, leaps with great ease to intercept a Tech pass.

In the annual "Dad's Day" classic at Clemson, the Tigers played one of the most down-heartening games of the entire season. Lost fumbles and pass interceptions hampered Clemson's efforts to an almost standstill.

In the first half of the game Clemson was out scrapped and out hustled by the V. P. I. eleven. On the second play of the game, a BUSSEY pass was intercepted by V. P. I. Eight plays later, Tech's JIMMY BEARD raced 14 yards through the Clemson line for the opening touchdown. Again Clemson received the kickoff and again the ball was lost on the second play from scrimmage; this time on a fumble. A fifteen-yard penalty against Clemson put the Tigers back to their own 14 and four plays later V. P. I. capitalized on the break by pushing over for a second touchdown. Tech scored again just before the half ended to wrap up their rampage for the day.

The Tigers only score finally came when KING threw a 39-yard pass to end HARRY HICKS who raced across for the touchdown.

Fullback, BILL O'DELL, drives over pile for yardage.

CLEMSON 14
FLORIDA 7

Meeting Florida in Jacksonville's Gator Bowl, the Tigers won their most-impressive victory of the 1954 season by the score of 14-7.

Good, hard football—with no fumbles lost on offense—enabled the Tigers to down two-touchdown favored Florida. In this outstanding victory both the "K" and the "B" units out charged and out hustled their Florida counterparts.

The rugged Tiger defenses were quite effective in stopping whatever plays Florida tried to run during the first half, so the two teams left the playing field at halftime in a scoreless deadlock.

After halftime the Gators returned with new life to score the first touchdown of the game, but several plays later JIM COLEMAN with the aid of BUCK GEORGE'S brilliant blocking moved 80 yards for a Clemson score. Again in the last quarter JIM COLEMAN followed up several fine runs by NEUF ANKUTA to score the second touchdown and in the same quarter CLYDE WHITE caught one of Florida's backs in the end zone for a safety and the final score.

Again as in games before this one center WINGO AVERY and guard DICK DeSIMONE deadlocked as "outstanding linemen" while quarterback CHARLIE BUSSEY and halfback JIM COLEMAN were the outstanding backs. Playing also a great game were DICK MARAZZA and B. C. INABINET whose outstanding blocking meant the difference between make or break on many plays.

It was a great game and a great day for the coaches.

Halfback, JOEL WELLS, and a GATOR back leap high for the pigskin.

Big Thursday, one of the largest and finesse games played in the South.

CLEMSON 8
SOUTH CAROLINA 13

The first sign of a great weekend.

South Carolina's Mackie Prickett spelled the difference in the Big Thursday tilt as he quarterbacked U. S. C. to a 13 to 8 victory over the Tigers. In a game that featured rugged play by both teams, Prickett was the only back to stand out above the crowd. He accounted for most of Carolina's rushing and passing, scored both touchdowns.

Despite Prickett's great efforts, Clemson battled the Gamecocks on even terms most of the way. Tiger quarterback, DON KING, led his team 50 yards to the Carolina 20 the first time Clemson got the ball, but an injury to his head sidelined the Tiger star at this point, to stall the drive.

The Tigers got a two-point lead early in the second quarter when end WILLIE SMITH pounced on the S. C. punter and recovered the ball in the end zone.

Clemson scored early in the fourth quarter on a sensational 81-yard pass play and threatened to win the game in the final four minutes on the strength of KING'S passing. The Tigers' final drive for victory was halted when Prickett intercepted KING'S pass and three minutes later the ball game was over.

All Conference Quarterback, DON KING, lashes out at the Gamecocks.

STATE FAIR

A Tiger roars, but the Gamecocks hold.

Halfback, JIM COLEMAN, is snowed under by the Demon Deacons just a few yards from the goal.

CLEMSON 32 WAKE FOR. 20

The Clemson Tigers roared from behind twice to defeat Wake Forest in a thrilling, hard-fought game at Charlotte's Memorial Stadium. Frank Howard's "K" and "B" units combined forces to outscore the Deacons 32 to 20.

Wake Forest capitalized on two breaks early in the second quarter and struck hard for two T. D.s before the Tigers realized what was happening. After this outburst of scoring by the Deacons, Clemson settled down to business by scoring one quick T. D. before the half ended, and compiling 25 points in the third and fourth periods.

The Deacons scored once in the second half on an eight-yard pass from Consoles to Stowers, after a sustained drive that took only 10 plays.

The spectacular play of the day came with less than four minutes left in the game when halfback KEN MOORE gathered in a Wake Forest punt on his own 19, and raced magnificently down the sidelines for 81 yards, and the game's clinching score.

Outstanding for the Tigers in the forward wall was tackle B. C. INABINET, who played the greatest game in his football career—both offensively and defensively. Senior guard, MARK KANE, played an excellent game along with tackle CLYE WHITE, and ends SCOTT JACKSON and WALT LARAWAY. In the backfield, KING, BUSSEY, COLEMAN, GEORGE, and ANKUTA shared equal honors for the afternoon.

Quarterback, CHARLIE BUSSEY, sweeps Deacon's left end as End HARRY HICKS throws key block.

Halfback, JOE PAGLIEI, sweeps right end in an attempt for that almighty yardage.

Halfback, JIM COLEMAN, tries to shake tacklers at the end of a 54-yard run.

CLEMSON 0
MARYLAND 16

The most disheartening game of the season for the Tigers was a 16 to 0 defeat at the hands of the Maryland Terrapins.

Clemson won the pre-game toss of the coin at College Park, and defeated Maryland's gridmen in the statistical battle, but wound up on the lower end of the scoring. The Tigers gained consistently most every time they got the ball, but once inside the Terrapin's 20-yard line, they seemed to bog down and never managed to cross the double stripe. Clemson got 18 first downs, gained 325 yards, compared to Maryland's 8 first downs, and 202 yards gained.

For Maryland, halfback Ronnie Waller scored twice; once on a perfectly executed 60-yard run, and again on a 57-yard pass play. This, plus a final quarter field goal by Bielski, was the deciding factor in the victory for Maryland. Except for a 44-yard march in the second quarter, which carried to the Tiger 14 in 10 plays, the Terrapins showed no other offense for the day.

Fullback BILLY O'DELL'S great running against the Maryland line, and end SCOTT JACKSON'S brilliant blocking and tackling earned them "games best" recognition for the week. All linemen did a good job in holding the Terrapins to such a low rushing average.

Homecoming Celebrities A. T. MITCHELL, GEORGE BENNETT, LAURIE FARR, Homecoming Queen, and Captain FRANK JERVEY.

IT WAS HOMECOMING

All Conference Quarterback, DON KING, turns on the power and he's off for another T. D.

DOUG THOMPSON, the romping Canadian, is about to head for the wide open spaces.

Halfback, JOE PAGLIEI, should have remembered the old saying, "He who hesitates is lost."

CLEMSON 27
FURMAN 6

Clemson's powerful defense and flashy performances by quarterback DON KING, and left halfback JOEL WELLS, were the determining factors against Furman, as the Tigers prevailed 27 to 6 before a homecoming crowd of 18,000 fans.

The first quarter opened up with Clemson blocking a Furman punt on the Hurricane 28, with less than five minutes gone. JOEL WELLS set up the first T. D. by racing 20 yards around right end to the 8. PAGLIEI scored two plays later.

The "B" unit took over the field in the second quarter and the second time they gained possession of the ball, they drove 65 yards for a T. D. Later in the second quarter, the "K" unit came back into the ball game and covered 70 yards in three plays for the third tally.

The Hurricane's only score came in the final quarter on a 24-yard pass from Charles Carter to Bobby Stokes. Clemson struck back again when Furman kicked off, and marched straight up the field for 77 yards and the final score.

In fairness to the Purple Hurricane, they were handicapped by the absence of quarterback Jim Boyle, halfback Ted Yakimowicz, and end Roland Barefoot—all three out with injuries.

Galloping DON is once again off to unknown parts.

Halfback, JOEL WELLS, grabs the pigskin and is on the way to glory land.

CLEMSON 6
AUBURN 27

Meeting what proved to be their toughest opponent of the year, Clemson's footballers made too many mistakes and fell victim to Auburn, 27-6.

Five lost fumbles contributed to an Auburn cause which needed little help itself. Behind the brilliant running of quarterback Bobby Freeman, and halfback Hoppy Middleton, the passing of Freeman and the receiving of end Jim Pyburn, the War Eagles observed Homecoming happily.

A warning of things to come was first registered when Freeman returned the Tigers opening kickoff 48 yards to the Clemson 41. Though a touchdown was put off until after DON KING had bested an Auburn in an exchange of punts, one still came rapidly on a drive from the Plainsmen's 49.

Auburn scored twice in the second quarter, and ended their rampage in the last period by a 20-yard pass that was good for a T. D.

KING went into action for Clemson in the final two minutes after JOE PAGLIEI had made a nice return of the Auburn kickoff to his own 27. Running or passing the ball on every play but one, KING moved the ball 73 yards for a T. D. with six seconds of play remaining. He hit end SCOTT JACKSON for four yards and the touchdown.

CLEMSON 59
CITADEL 0

Clemson's footballers disregarded the cold, damp weather and the lack of fans in putting on their strongest offensive and defensive performance of the 1954 season. Result: Clemson 59, The Citadel 0.

The Tigers netted 408 yards rushing and 123 yards through the air. They never punted once. On defense, Clemson limited The Citadel to 52 yards rushing, and 12 yards passing. Two of their punts were blocked, one of which was a touchdown.

Clemson's defensive efforts enabled the team to finish third in the nation in total defense, and fourth in rushing defense. Only four teams in the United States limited their opposition to an average of under 100 yards rushing, and only three teams stopped their foes at under 180 yards total offense per game. The Tigers qualified in both instances.

JOEL WELLS runs through rain and mud for added yardage.

TOMMY WILLIAMS drives over for a T. D. as the loosing team shows a bit of bad sportsmanship.

Tiger Cub tries player bulldozer, but stalls at a brick wall.

Coach McFADDEN gives BARBARY the word. "Go make a touchdown, son."

FRESHMAN FOOTBALL

The 1954 Clemson Cubs proved themselves worthy of being called one of the finest freshman teams in the ACC many times during the season; although, the final records showed a 2-3 season. It took the cubs awhile to get rolling, but after the fire was lit they played three great games. The first against Carolina which was a heartbreaker for the boys, but in the next two games they rolled over Wake Forest and Duke with no trouble at all.

Halfback, FLETCHER CARTER, was high scorer for the season, with Quarterback GENE CROCKER second on the honor roll.

In the forward wall end "WHITEY" JORDAN, tackles JACK BUSH, and JOHNNY THOMASON along with guard JOHN GRDIJAN looked sharp the entire season

BASKETBALL

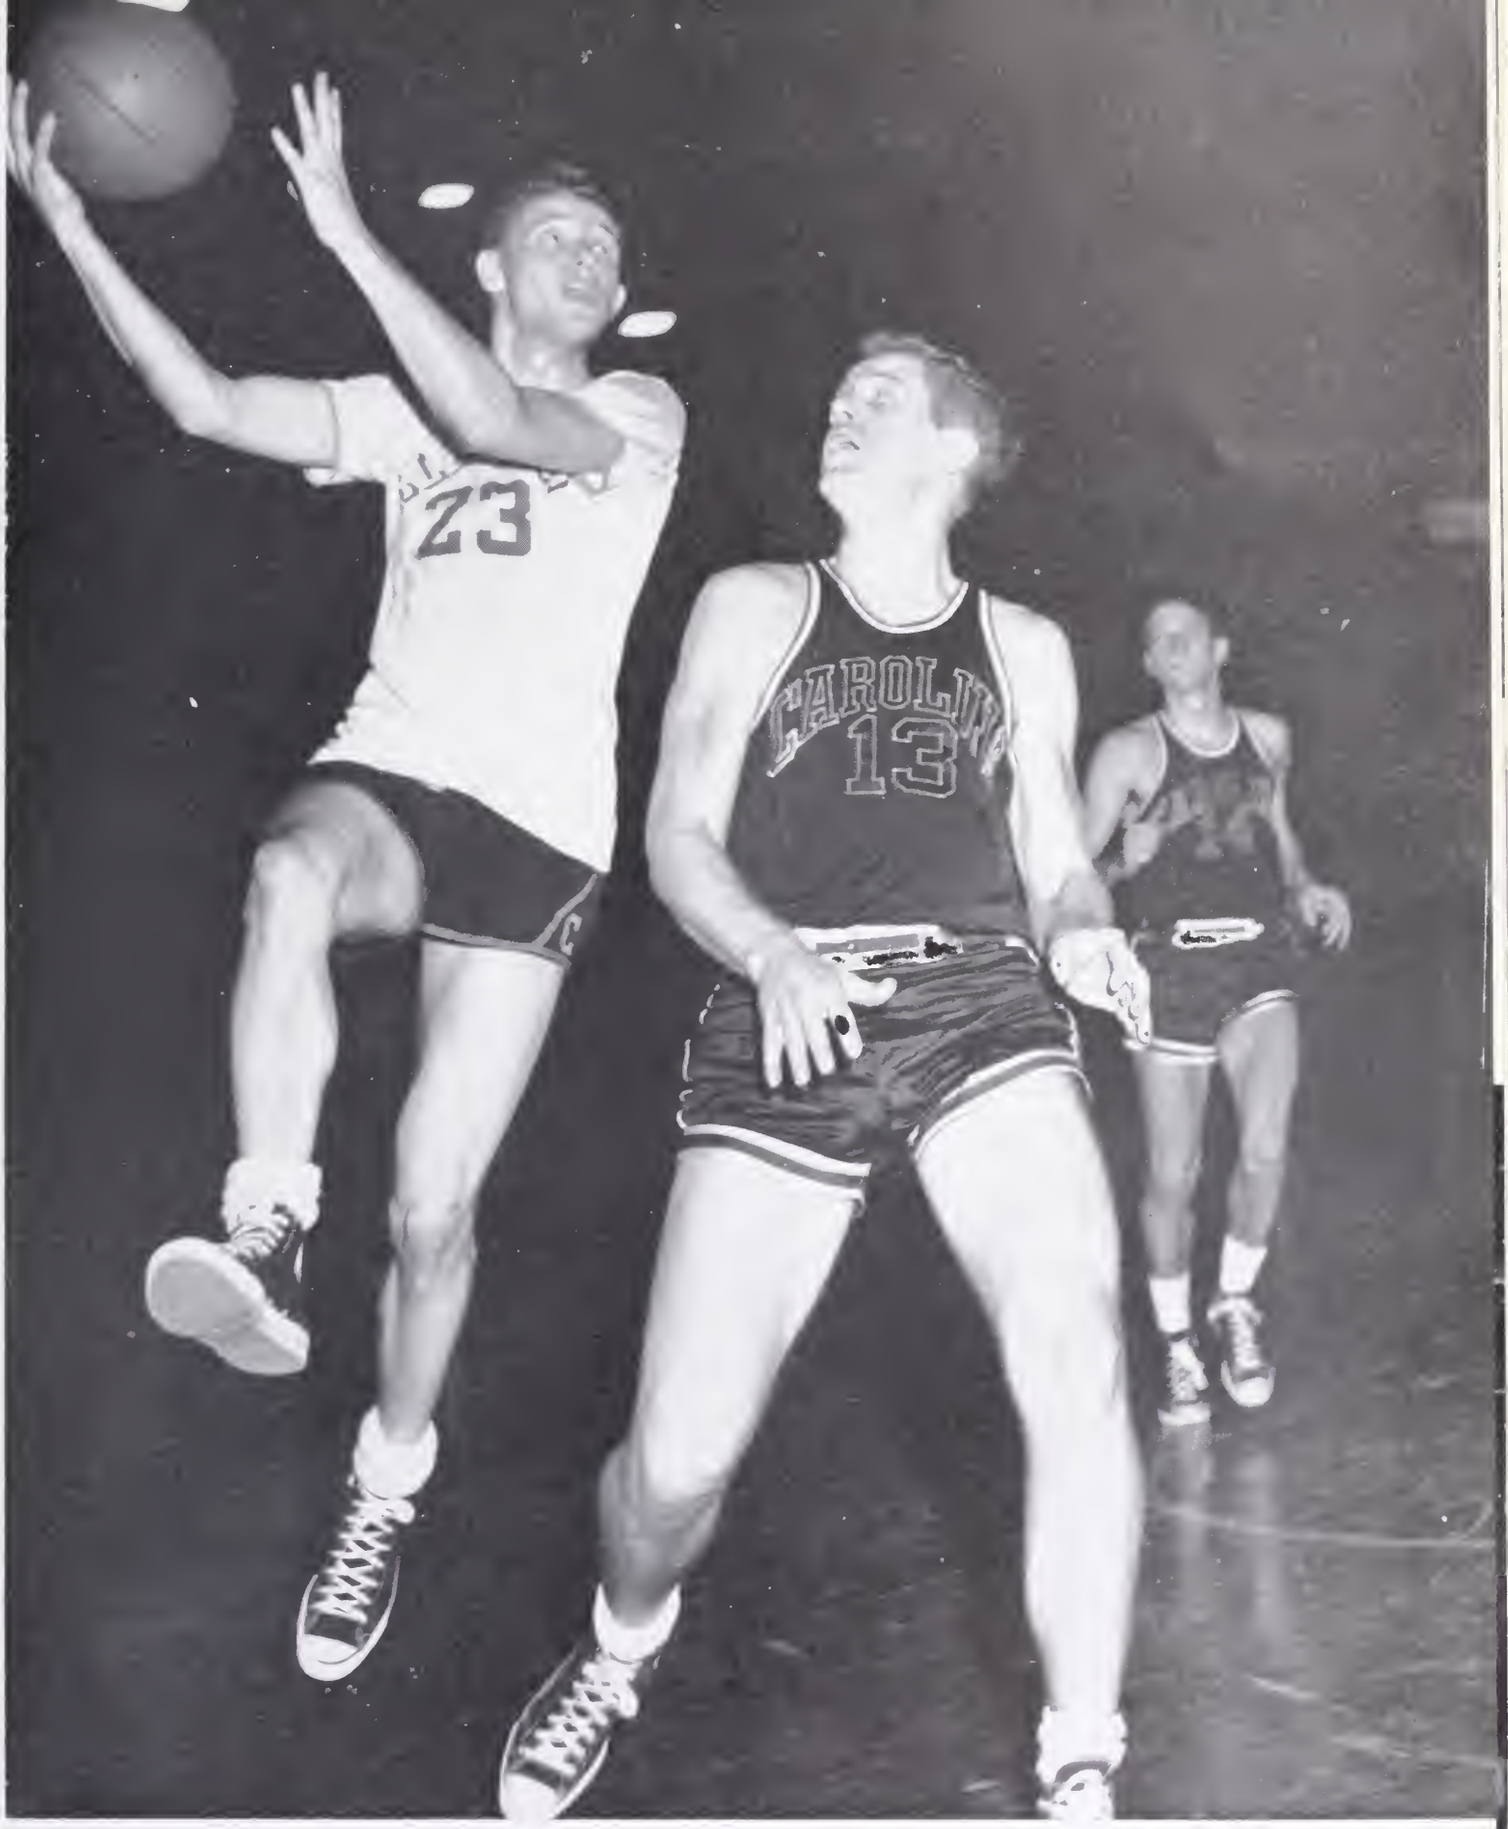
Coach McFADDEN, shows his boys a few of their weak points before the game.

BASKETBALL

As the curtain came down on the 1955 basketball season the Clemson Tigers had almost nothing to show for the entire season. This year at Clemson was what the sportswriters might call an off year, for many positions were left open by graduating seniors which were impossible to fill due to the lack of experience of the '55 team. Even though the season wasn't the best the Tigers have ever experienced, Coach McFadden and his boys made many fine showings and came through with some fine playing in many games.

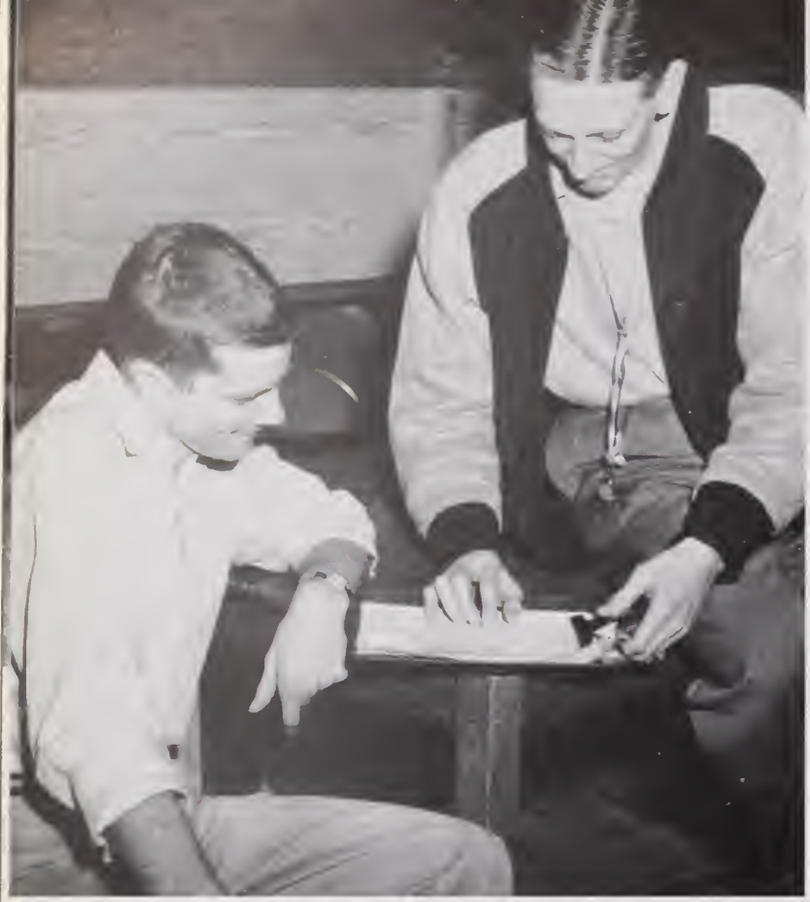
The outstanding player of the season was BILL YARBOROUGH who is considered one of the finest players in basketball today. It is only fair that such players as BRUCE HOLZSCHUH, BARRY RYAN, BILL RISER, DOC MORGAN, and TOMMY SMITH should be listed due to their sportsmanship and endless efforts throughout the entire season.

first row, left to right: SHOOK, MORGAN, YARBOROUGH. second row: RYAN, STONE, SHEALY, Manager DALTON. third row: Coach McFADDEN, HOLZSCHUH, SMITH, BOWMAN, RISER.



BILL YARBOROUGH

BILL YARBOROUGH, All A. C. C. and top scorer for the Tigers, rewrote the record books at Clemson this past season by breaking the record for most points in one game, most points in one season, and for the most free throws made in one game. YARBOROUGH has time and time again proved that he is one of the finest players in college ball today.



Coach McFADDEN and his right-hand man, EDDIE DALTON, make final arrangements before the conference playoffs.

BRUCE tries for a block, but is a little too late.

What's the trouble, BILL, have you shrunk a little lately?

Is that saying about, "it's the way you hold your mouth" true, BILLY?

Center, BILL RISER, turns, shoots, and its another two points for the Tigers.

Clemson's BILLY YARBOROUGH shows the crowd just how it's done.

YOCKEL hooks and the cubs are on the rampage once again.

REAMER shows championship form as he shoots for two.

FRESHMAN BASKETBALL

Clemson's freshman basketball players completed the 1954-55 campaign with a 16-5 record in living up to their reputation as the best group in the history of the college.

Vince Yockel and Carl Reamer scored just under 1,000 between them in averaging 26.0 and 20.5 points a game respectively.

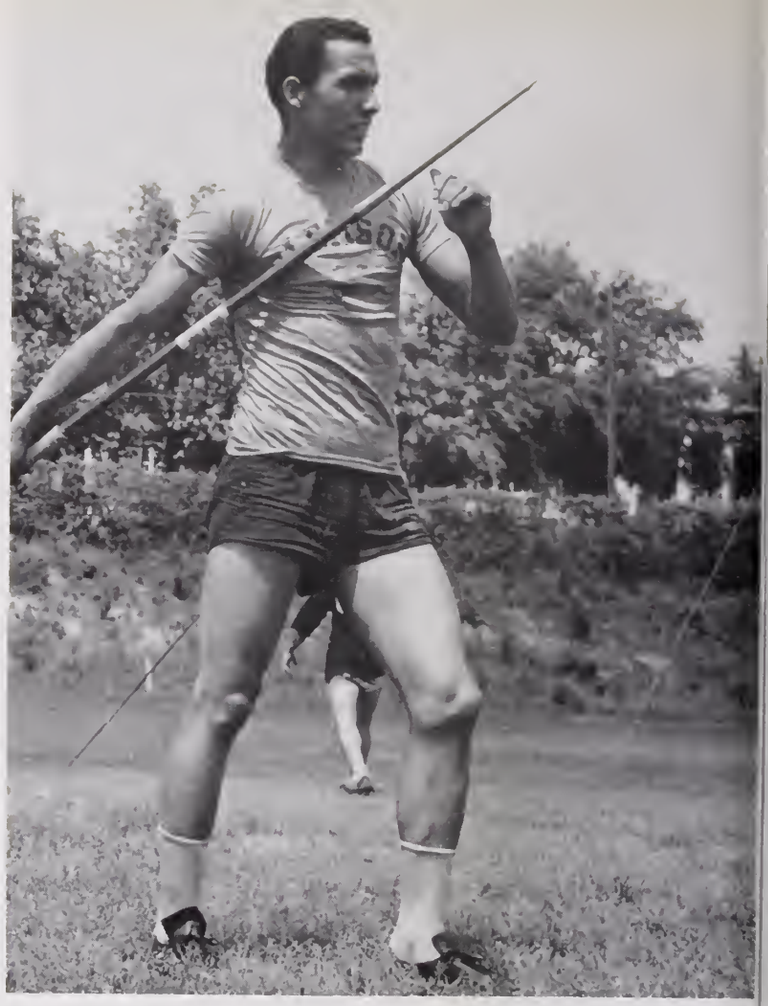
Dick Yeary, clever ball-handler, averaged 12.4 points a game and was followed by rebounding specialist Eddie Moncrief and Billy Williams.

First line reserves who played in most of the games and show promise for the future are Billy Barbary and Ted Simons.

left to right: WILLIAMS, MONCRIEF, REAMER, BURGESS, YOCKEL, SIMONS, BROWNE, YEARY, STOOPS, Coach NORMAN.

TRACK

ROCK NORMAN
Coach



BUCK about to let one fly for an all-time record.

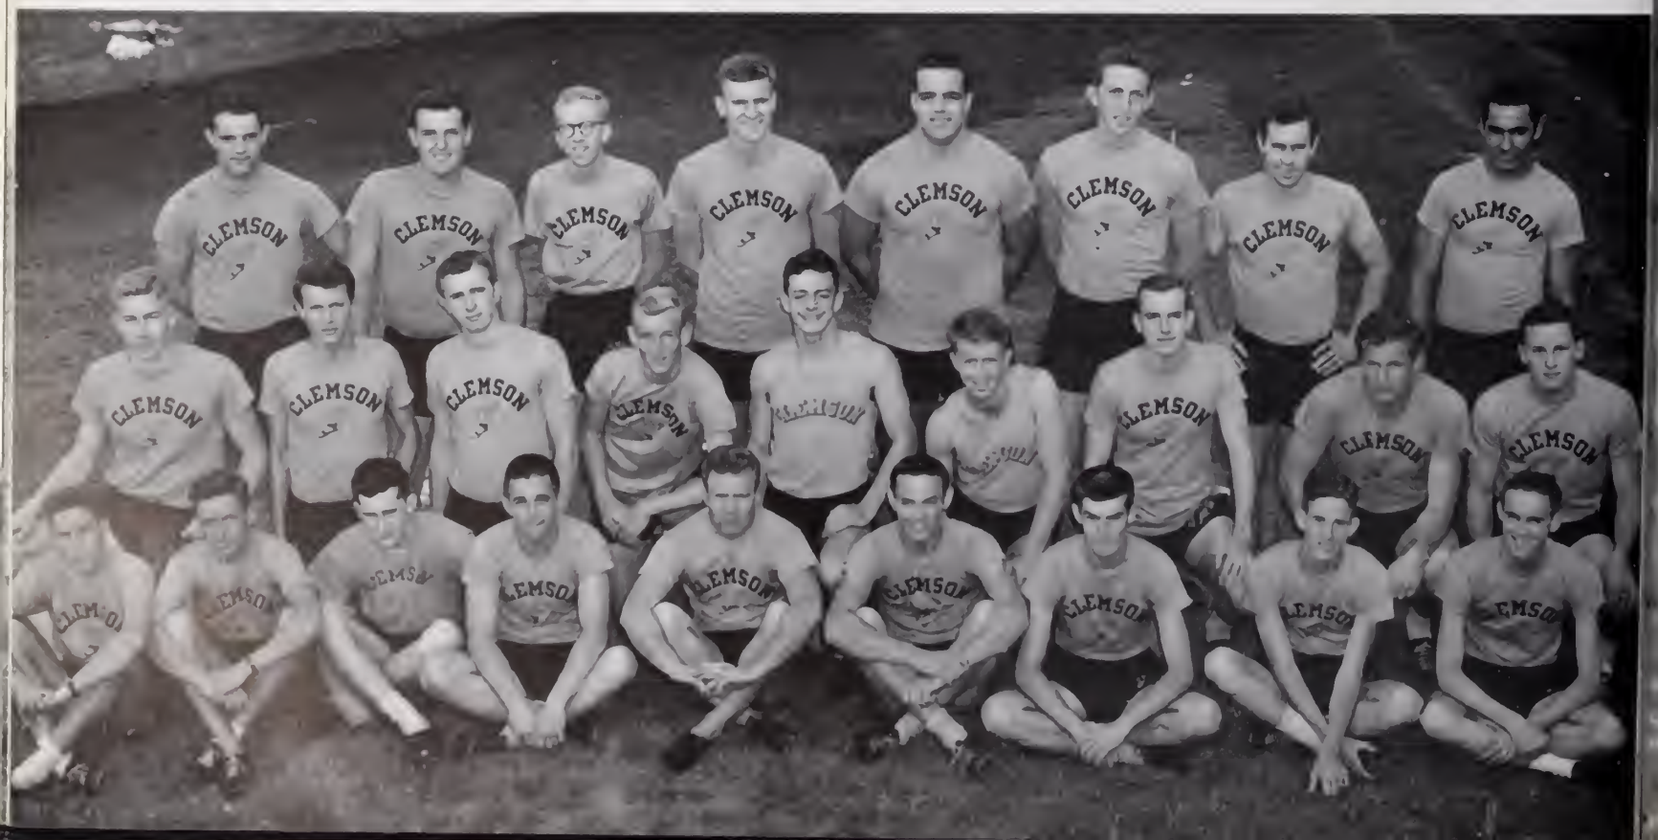
TRACK

As the 1954 Track season came to a close it was obvious that Coach "ROCK" NORMAN had not had one of his best seasons, but in the meet with Furman and the Triangle meet with Davidson and Wofford the Tigers made a very impressive showing. While losing to Georgia, Presbyterian, and South Carolina, the team looked strong only in spots.

Adding spark as well as points to the team were men such as CARTER, a newcomer to the cinders, MITCHELL, who captured a first place in the state track meet, KIRBY, GEORGE, MASON, and FOLGER.

Credit should be given to all the members of the team who, under the guidance of Coach NORMAN, are looking forward to the 1955 season.

first row: SHANE, COREY, DuPREE, WARD, MOORE, STONE, FIZER, CARTER, MAJOR. second row: BOWEN, COUNTS, MASON, MORGAN, FOLGER, QUATTLEBAUM, METZ, BOWICK, SINGLETON. third row: KIRBY, WILSON, NETTLES, MITCHELL, INABINET, WILLIAMS, BUCK, GEORGE.



Don't strain, "NAB", it's not going very far?

KIRBY shows his championship form.

Only a few more inches, STONE, and then you can have a smoke.

A. T. leaps high for another first place.

MITCHELL, local bird lover, demonstrates how to fly.

ALAN brings up the rear due to excessive dating.

BASEBALL

BASEBALL

Emerging from an excellent season with 17 wins and 7 losses, Clemson became the first baseball champions of the ACC. Rated as one of the top teams in the South before the season started, the Tigers lived up to every expectation throughout the year.

Behind the pitching of ALL AMERICAN BILLY O'DELL, the Bengals of 1954 will go down as one of the best teams ever to be turned out at Clemson.

Although O'DELL stood out as the shining star, much credit and praise must be given to his teammates COKER, BARNETTE, KINGSMORE, MORRIS, SWETENBURG, HUMPHRIES, and CROSLAND.

SWETENBURG looks on as the North Carolina coach argues with a telephone pole.

first row: W. MORRIS, COKER, O'DELL, B. MORRIS, BARNETTE, SWETENBURG, GAINS, KINGSMORE. second row: CROSLAND, HUMPHRIES, BLACKSTON, SHEALY, SMITH, TOTH, HILDEBRAND, CONE, MAY (Manager). third row: Coach SMITH, MARAZZA, OWENS, FREE, HENSON, MOORE, SAYLORS.

BILLY O'DELL, All American.

Some make it . . .

. . . and some don't.

KINGSMORE gets a big welcome after another four bagger.

COKER beats the ball by a mile.

DICK gooses the catcher as he slides home safe.

It was a good try, but did he make it?

You'd better stick close, FURMAN, that's a small bag.

GAINS and BARNETTE hold a pre-game tea party.

Get the lead out, "Ump". Is that man safe or out?

From the big smiles it looks like another win for the Tigers.

Practice made the Tigers champions.

With a winning season in front of them the Tigers drew in the crowds.

MINOR "C" CLUB

The Minor "C" Club was organized with the idea in mind of furthering good sportsmanship and bettering athletics at Clemson. Although a fairly new organization on the campus it has done much to promote interest and improvement of the minor sports. This club is composed of men who have lettered in one or more of the sports: golf, tennis, rifle, or cheerleading.

A. M. LANDER
President

first row: ANDREWS, HOLMAN, JOHNSON, YAUN, WOODARD, BRAID, DAY, WOODS. second row: McGRAW, KINSEY, SULLIVAN, HARRISON, HANCKEL, LUKE, MOORE, PAGE.

TENNIS TEAM

The Clemson netters of 1954, winning only 4 out of 12 matches, experienced one of the most disastrous seasons in years. Looking strong by winning against Erskine, The Citadel, South Carolina, and Wake Forest, the racketmen went down in defeat while facing superior teams from Furman, Georgia, Maryland, Wofford, and the College of Charleston.

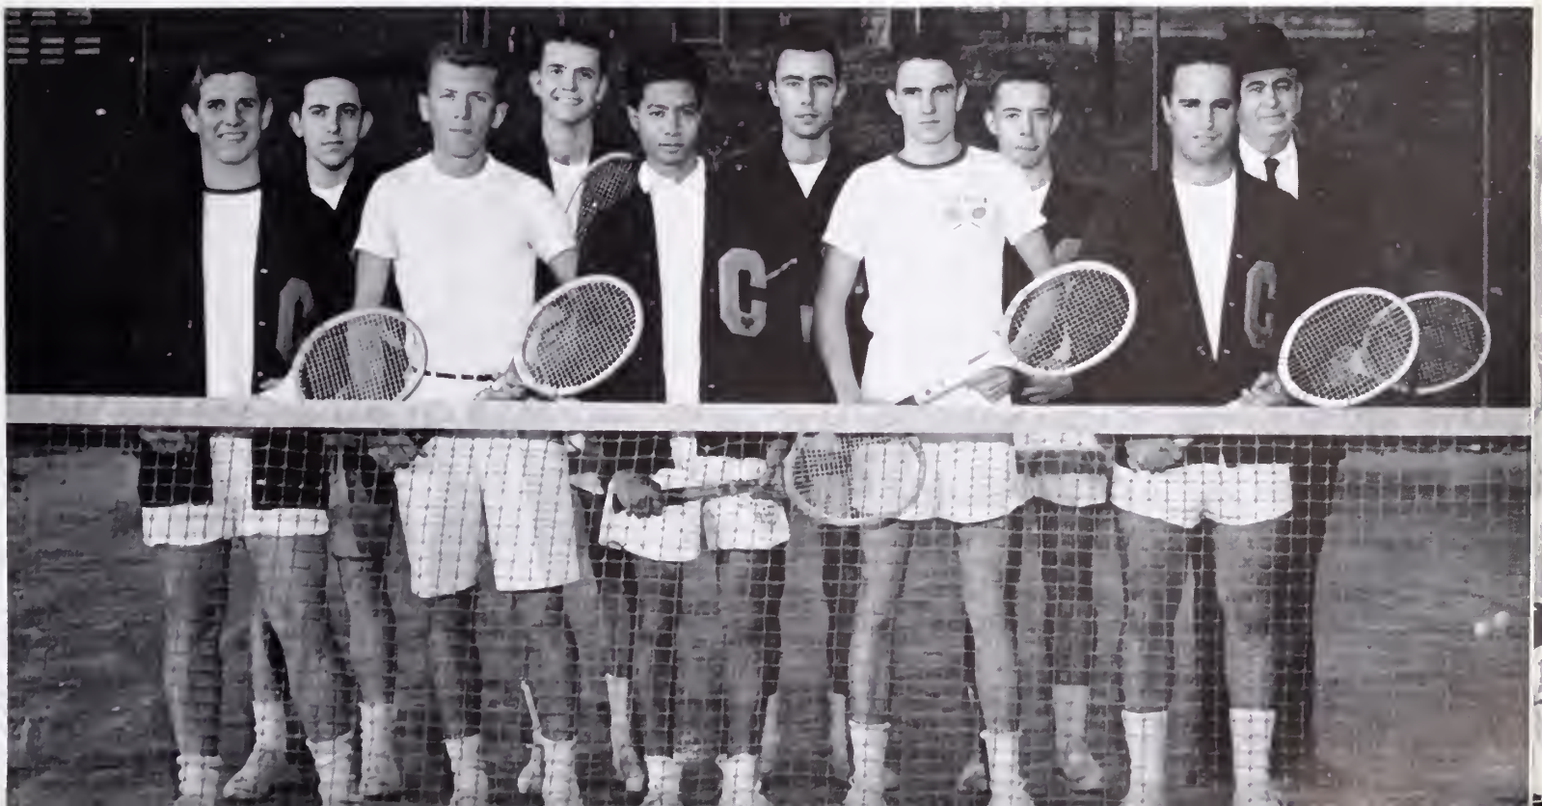
Under the leadership of Coach HOKE SLOAN, MAUNG KHIN SI, DICK JAMES, CHANDLER KINSEY, and GENE MOXLEY led the way for the Tigers on the court.

CHANDLER KINSEY
Captain

What's the matter, KEN, DICK won't let you play?

KHIN SI in his usual excellent form.

first row: SCARPA, LEUTWYLER, KHIN SI, WISE, CHRISTHEOS. second row: SEABROOK, KINSEY, LANDER, MITCHELL, Coach SLOAN.



BILL JOHNSON
Captain

GOLF

Headed by LYNN YAUN at the number one position, the Clemson golfers finished the 1954 season with a 5-7 record. YAUN, one of the top amateurs in South Carolina, has held the State Collegiate Championship for the last two years.

Golf at Clemson has picked up greatly over the past few years and they expect to be strengthened next year by the help of rising sophomores LARISLEY, SCHAEFER, BUTLER, and AGNEW. Returning from last year's team will be the three outstanding players from Aiken: YAUN, JOHNSON, and WOODARD.

left to right: YAUN, WOODARD, JOHNSON.

LEN YAUN, State Collegiate Champion.

LEN HOGAN, BILL SNEAD, and JOHN PATTON finish another afternoon on the links.

first row, left to right: HOWELL, HOLMAN, J. T. DAY, J. E. DAY. second row: CLARKE DILL, SAMMY OWENS, RAY McALISTER. third row: DANIEL SMITH, DAWSON LUKE, COACH NEAL PHILLIPS, SFC RICHARD GILLAND.

MAC HENDEE and DICK CARTER, two of the boys that helped make a great season.

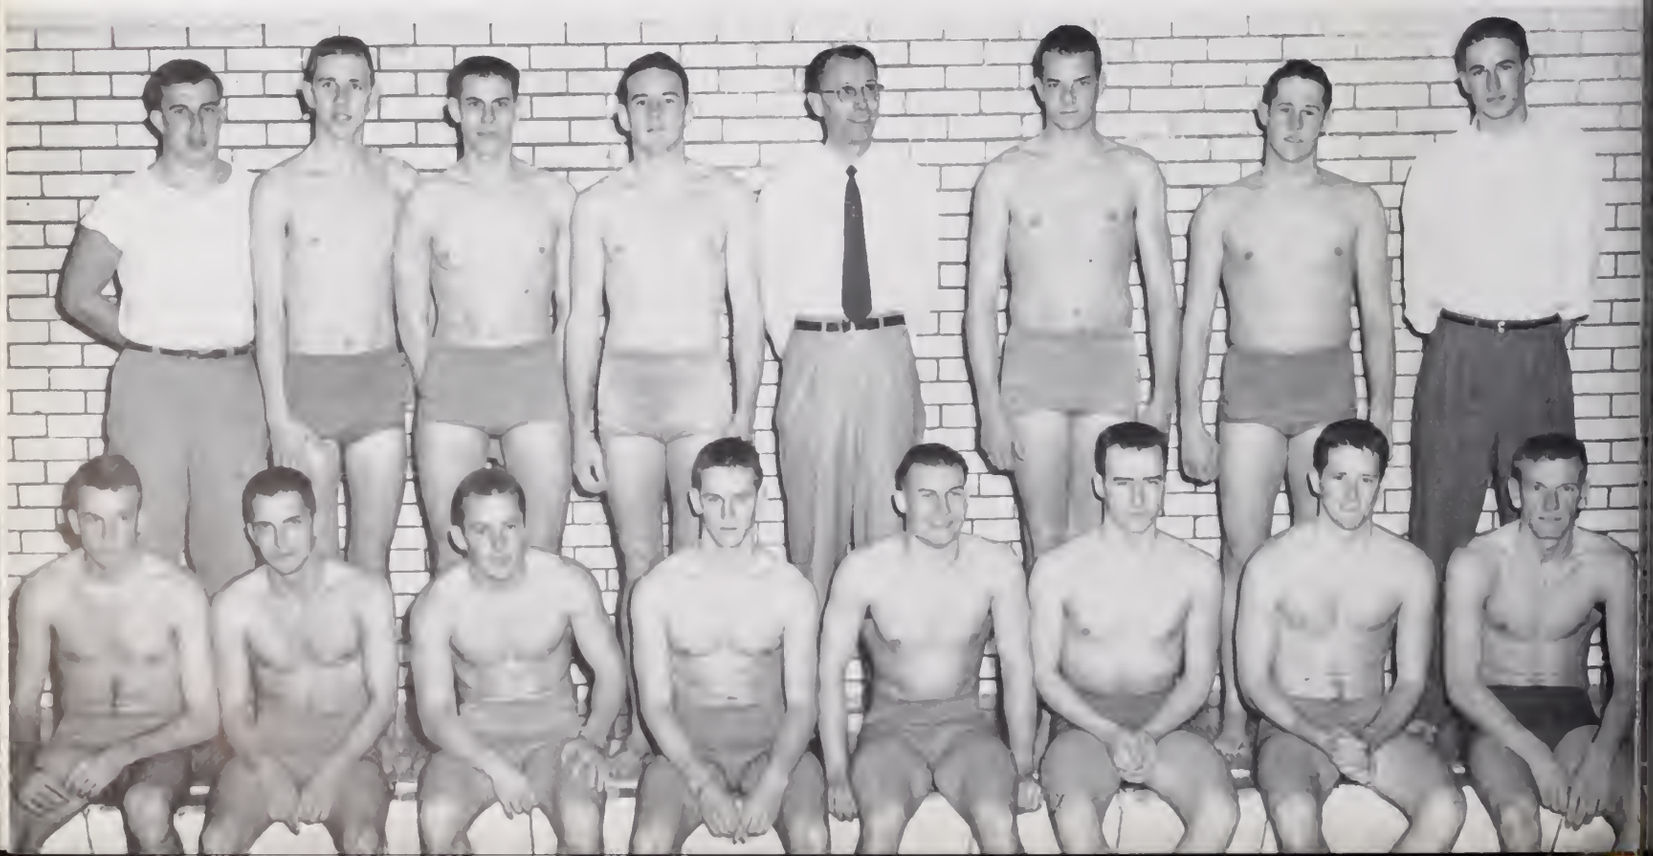
JOE PORCHER shows excellent winning form.

SWIMMING TEAM

As the 1955 TAPS goes to press, one of the finest swimming teams in the history of Clemson College is also bringing to a close its '55 season. Under the experienced eye of Coach McHUGH the tankmen have out swam many of the finest teams in the South. At the present time the records stand at 8-1 with only The Citadel and North Carolina standing in the way of the A. C. C. Championship in the bag. The tankmen so far have defeated such teams as South Carolina, N. C. State, Duke, and The Citadel.

Throughout the season such men as HAWES and HANCKEL have sparked many of the victories, with DICK CARTER and WES MILLARD breaking records at every turn of the second hand. With such an excellent season so far under their belts such men as WEST SUMMERS, JOE PORCHER, JACK LANGSTON, and also manager, BUDDY PARKER, must be congratulated for a fine job done.

first row: SUMMERS, HENDEE, PORCHER, DOWELL, ACKERMAN, BUMGARDNER, LANGSTON, CARTER. second row: Manager MURPHY, MILLARD, NEW, HAWES, Coach McHUGH, HANCKEL, WILSON, Manager PARKER.



HOMECOMING . . . it was the greatest ever.

A swell fellow and a great coach gives his boys a few pointers.

CROSS COUNTRY TEAM

first row: QUATTLEBAUM, DAVIS, CARTER, TISDALE. second row: STONE, METZ, NETTLES.

That's the way, ALLAN, show DOC and BRUCE just how it's done.

JOE BOWEN takes away the honors at the state meet.

The doctor of all doctors . . . HERMAN of the fieldhouse.

BUCK, CLYDE, SCOTT, and JOE sit and wait for the headman to call.

Watch out, ROOSTER, he's going to hit you from behind.

And MR. SHEALY has done it again.

SENIOR COUNCIL

The responsibility for justice in the Student Body is invested in the Senior Council which is the Judicial Branch of the student government. It is the duty of the Senior Council to recommend to the President of the College disciplinary action for any conduct which tends to bring discredit upon the student body or the college. Cases of a military nature may be reviewed by, or appealed to the Senior Council which makes final recommendations. The Senior Council is composed of seven members elected by the student body and two ex-officio members. The ex-officio members are the Vice-President of the Senior Class and the highest ranking officer in the Cadet Corps.

clockwise: MORRIS, PADGETT, BENNETT, BOOKHART, GLENN, TURNER, MATTISON, HUCKS, BROWN.

STUDENT ASSEMBLY

The Student Assembly which recommends and promotes legislation beneficial to the Student Body, is composed of members of all of the classes and representatives from the Council of Club Presidents. The activities of the assembly are made known to the students through a column published in the "Tiger" which is written by one of the members after each meeting.

"Really Sir, I must go home and see my sick grandmother."

Better hide that gal from the upperclassmen, rat!

"I never knew these lines could be so long."

And they told me this was only the beginning.

Suck that gut in, rats, and don't breathe for the next hour.

PARTNERS IN A GREAT PLAN

A senior looks back over the books and supplies that he used in his four years at Clemson. More things than he realized now that they are all together for the first time. And he's a mechanical engineer using an average amount. Spread out before him are more than fifty textbooks, a hundred notebooks, an equal amount of paper. Boxes of pencils, bottles of ink, and all of the necessary items for four years of hard work. All of these are his partners in his search for knowledge, in his preparation for the future. In furnishing them our job is a most satisfying one.

Clemson House

In the foothills of the beautiful Blue Ridge Mountains, you'll find the Clemson House located in a unique setting—right on the campus. The Clemson House is a gem among fine hotels, and the rates are unbelievably low. All rooms are air conditioned.

FRED L. ZINK, JR., MANAGER

"It Is A Pleasure To Do Business With You . . ."

The above is quoted from a letter we recently received from a Clemson grad now in the Service of his Country. It was our privilege to supply him with his uniform outfit. His complimentary statement is typical of the expressions of good will we have received in letters from scores of Clemson grads—and, of course, nothing gives us more downright satisfaction than being able to truly please our customers. We value good will more than profit—important as the latter is.

When the members of this year's graduating class were Freshman, they wore cadet uniforms made by our company. It has been our great privilege to be the Official Uniform Supplier of Clemson College for five consecutive years. It is natural, therefore, that so many of those graduating and receiving Commissions should come to us for their uniform needs as soon-to-be Commissioned Officers. These Clemson grads like us for the fine fit and workmanship of our uniforms, our prompt service, and our down-to-earth, low prices which make it possible for them to buy all that they need, well within the uniform allowance they will receive. And they also like the fact that they do not have to pay us for their uniforms until they receive their allowance, whatever date that might be.

We sincerely hope it will continue to be our privilege to fill the uniform needs of this and future graduating classes.

"ME NEXT!"

What a wonderful world of color was locked in that magic tube!

Shimmering jewels, a brilliant mosaic—what pictures could be imagined in the tiny wonderland of a kaleidoscope! But careful! Don't jolt it! . . . Or you'll find that your wonderland has gone.

Every color that danced in that miracle tube has been captured by dye scientists for everything that people wear or people use. But these need not be kaleidoscopic colors that change—or unstable colors that fade; they can be colors that last for the entire lifetime of the material.

That's the kind of color fastness that can be yours when you turn to Du Pont for dyes. Our technical service experts will help you find the right dye for the end use—whatever it may be. E. I. du Pont de Nemours & Co. (Inc.), Dyes and Chemicals Division, Wilmington 98, Delaware.

URQUHART STATION is located 4 miles south of Augusta on the South Carolina side of the Savannah River. The completion of the third unit will bring the total investment at that time to approximately $45 million. Here's concrete evidence of this Company's faith in the future of South Carolina and the 23 counties it serves.

URQUHART STATION . . .

Power from two 75,000 kilowatt steam electric generators began flowing into the SCE&G transmission system late in '53 and early in '54 . . . without a stop, construction for a third unit—100,000 kilowatts in capacity—went right on and this unit will be be "on the line" before the end of '55. Building well ahead of the demand for power has always been a cardinal policy of this privately-owned, tax-producing South Carolina Company.
